NOTICE TO WATER USERS

November 4, 2008

WINTER SHUTDOWN FOR CONSTRUCTION ACTIVITIES

Buttonwillow Ridge Canal

Minimal interruptions in service are expected for turnouts starting with "B", "L" or "R".

Pond-Poso Canal

Monday, November 24, all water deliveries through the Pond-Poso Canal will be terminated, which affects all turnouts starting with "K", "J", "H", "G" and all turnouts with the letters "A", "B", "C" and "D" following a number. Some end-of-the-line turnouts will still operate for a couple of days to remove water from the system.

Intake Canal

Minimal interruptions in service are expected for turnouts in the "North" and "East" systems, which affect turnouts starting with "S."

We expect to resume full operations on February 2, 2009. Please stay in touch with the District's dispatcher as there is the possibility that some of the above canal systems will begin service prior to that date.

If you have specific needs during the shutdown, please call to see if there is a way the District can assist in meeting your water needs.

A handwritten signature in black ink, appearing to read "Wilmar L. Boschman".
